ABOUT US

Founded in 1970, Noble Group has etched an indelible mark across the Luxury Travel, Real Estate, Manufacturing, and Export industries. Since 2024, the Group embarked on a new frontier with the launch of Noble Energy, spearheaded by Shaheedul Hasan—an alumnus of Aligarh Muslim University in Electronics, former ISRO scientist, and a stalwart in telecom and renewable infrastructure for over 35 years.

His illustrious career includes leadership roles with industry giants and multi-nationals such as Fascal (now Vodafone), Siemens, Tata, Airtel, Aircel, and Reliance Communications, where he played a pivotal role in establishing state-wide telecom networks across Gujarat, Himachal Pradesh, Rajasthan, West Bengal, Kolkata and Bihar. Over the past 13 years, he has successfully led the development of over 1.35GW of large, utility scale solar, wind, and hybrid projects in Gujarat.

Building on its rich legacy in renewables, Noble Energy has embraced government initiatives like KUSUM, aligning with the National Green Mission to create meaningful opportunities, empowering the middle-income group with a secure, government-supported scheme that offers a safe and attractive return on investment. With a bold vision for the future, the company aims to add 1GW of capacity by 2030, reaffirming its commitment to a greener, more inclusive India.
